Troutville High School

Troutville, Virginia

Foreword

It is our aim to preserve for you, within the covers of this book, some of the memories of your happy school days, and to present to you a picture of the principles and democratic ideals of our beloved school.

We have worked hard to reach our goal; and it is with a feeling of pleasure and satisfaction that we present this, the eighteenth volume of the Memoir.

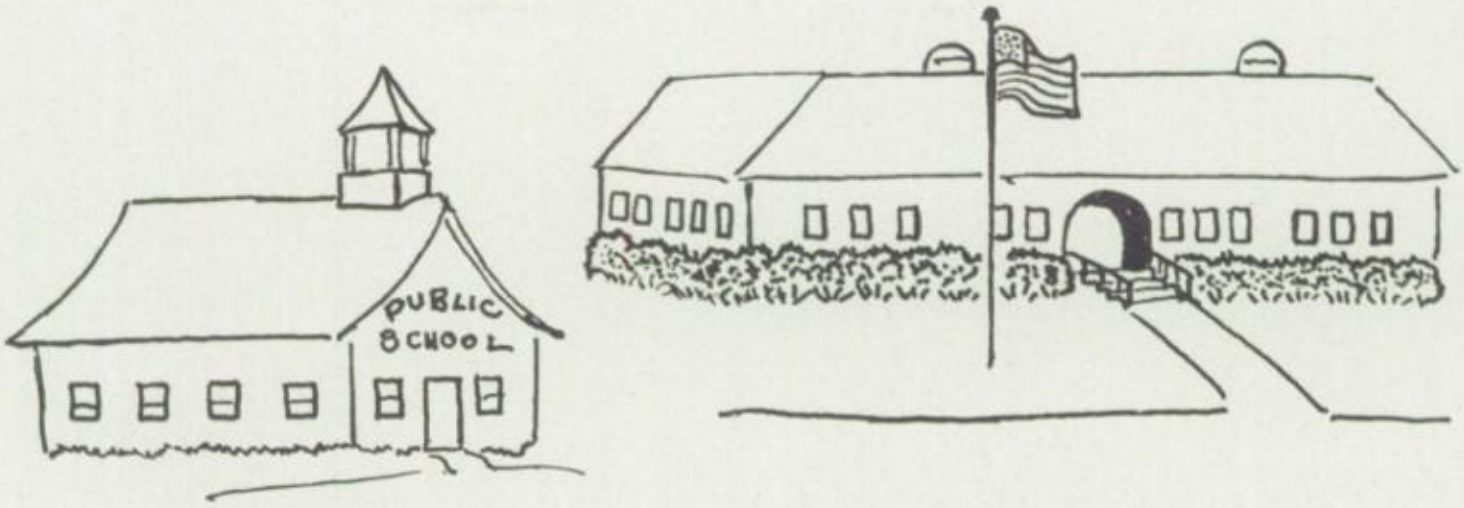
Dedication

In an effort to show our appreciation for your understanding and guidance during our Junior and Senior years, we wish to dedicate to you, Miss Rosalie Bowman and Mrs. Helen Goodsell, this, the eighteenth edition of THE MEMOIR.



Troutville High School-The Past

In 1927 the present modern, well equipped, brick building was provided, and since then the school has seen rapid growth and today its enrollment stands at 191 in the high school and 393 in the elementary grades.

Troutville became a member of the Association of Colleges and Secondary Schools of the Southern States in 1929, and has been accredited by that association each succeeding year.

Mr. H. L. Horn was the first principal of the newly built high school, he served the years 1925-29 and was succeeded by E. E. Trent who served 1930-39; C. M. Arehart held the position from 1940 to 1943. H. E. Barron then filled the position from 1943-49. In 1950 we find Mr. H. H. Huffman beginning his service at Troutville High.

Organizations which were begun as early as 1934 were: Library Club, F. F. A., Student Council, 4-H Club, Literary Club and Glee Club. In 1935 our school paper the "Warrior" came into circulation. Homemaking Classes were begun in our school in 1939, and the Home Economics Club was organized in 1940. Some of these organizations were discontinued after a few years and were reorganized in recent years. These were: Literary Club; which was combined with a Dramatic Club and reorganized in 1949-50, Student Council, also reorganized in 1950, The School Paper started circulating again in 1948-49, and the 4-H Club was functioning again 1943-44. Some clubs have held their own through the years. They are: The Library Club, the Glee Club, the F. F. A., and the F. H. A. Clubs. The Monogram, Science, and Poster Clubs were organized for the first time this year.

The school has had both girls and boys Basketball teams since the 1930's. Baseball has also held its own. Mr. J. T. Moore, our athletic director, organized a Football team in our school this year for the first time.

A cafeteria was started in our school in 1935. This program was partially supported by the Government. Lunches and knick-knacks are still served at prices in reach of most children.

We are looking forward to any improvements in the years to come. We realize that the school will be as good as our instructors and students make it. We shall stand 100% for greater advancement toward preparing students to take an active part in this ever changing world.

The Library Club of 1949-1950 is composed of nine active members, who are trying to make the Library an enjoyable place in which to work. Our advisor, Miss Brown, has been working closely with us and has shown us how to run the Library in an efficient manner.

During the Christmas Season, the Library Club gave a party for its members. We all enjoyed the party very much.

In the month of February, the Library Club expects to give an assembly, which we hope will be a success.

This year we included in our club those students interested in both the Dramatic and Literary events of our school.

We made several visits to other schools and colleges to see their performances which we felt were worthwhile and helpful.

We presented a one-act play for our Christmas assembly on December twenty-first. We entered the one-act play District contest which was held in our school and presented three one-act plays on March 10.

We also entered representatives in the Literary Contest in April.

Five of our players will graduate but we have some good material coming along next year.

The Troutville "Warriors" joined the ranks of football this past fall and after much drudgery and hard work were rewarded with the honor of County Champs. Even before school started Mr. Moore and Mr. Huffman worked very hard to get equipment for the boys. Despite the great lack of experience the boys were unbeaten in County play. Our Coach provided a schedule whereas the boys could get the most possible experience and through his patience and hard work they fared very well. With this experience and background behind them, the team should improve their game. The best of luck to them!

Finis

"The time has come" as the Walrus said to the Carpenter, for us to remember many things, for it is all over this year at Troutville. We cannot take Troutville with us but the memories are all ours. It is with a mixture of emotions that we write FINIS to this years edition of "THE MEMOIR". We combine the pleasure of at last seeing the finished product, the result of our work, with a feeling of sorrow that the job is done. We have a feeling of anxiety, too as we present "THE 1950 MEMOIR" for your approval or disapproval. By the time you reach this page you will have decided the fate of this volume.
